### **Business Strategies**

Assay.works' mission is to accelerate the research programs of partners in the pharma and biotech industries, and academic institutions by developing and executing predictive and scalable assays to quantify the bioactivity of novel chemical and biological entities. We combine scientific rigor with our domain expertise in laboratory automation, informatics, and industry best practices to turn challenging assays into quantitative, reproducible results.

### **Core Technologies and Services**

Assay.Works is a contract research organization (CRO) providing research services to pharmaceutical/biotech companies and academic organizations in form of fee-for-service work. The service portfolio includes Assay Development, Cell Line Engineering, Bioactivity Assessments, Quantitative Biology Applications, and High-Throughput Screening (HTS).
