

Gerresheimer Regensburg GmbH

Business Strategies

Gerresheimer is the innovative system and solution provider and global partner for the pharma, biotech and cosmetic industry. The company offers a comprehensive portfolio of pharmaceutical containment solutions, drug delivery systems and medical devices as well as solutions for the health industry. The product range includes digital solutions for therapy support, medication pumps, syringes, pens, auto-injectors and inhalers as well as vials, ampoules, tablet containers, infusion, dropper and syrup bottles and more. Gerresheimer ensures the safe delivery and reliable administration of drugs to the patient. With 36 production sites in 16 countries in Europe, America and Asia, Gerresheimer has a global presence and produces locally for the regional markets. With over 11,000 employees, the company generated revenues of around €1.82bn in 2022.
