Business Strategies

The Heldenkollektiv promotes the inclusion and networking of families with disabled children through innovative digital solutions that strengthen fellowship and social participation. The aim is to improve quality of life and achieve a sustainable social impact.

Core technologies and services

Strengthen self-confidence:

Children discover their strengths and gain new self-confidence through friendships and exciting missions.

Relieve families:

Parents benefit from an exchange with like-minded people and receive practical and emotional support.

Contributing to inclusion:

We create a community that strengthens visibility and acceptance of people with disabilities.
